

## MISSION STATEMENT

*Our mission is to be an outstanding teaching and research university, educating for life and addressing the challenges facing our society.*

*Educating for life* means that our educational process must provide:

- \* a foundation of skills, knowledge and versatility that will last a lifetime, despite a changing environment;
- \* research-based teaching and learning;
- \* critical inquiry in the form of the search for new knowledge and better understanding; and
- \* an active developmental role in our cultural, economic, political, scientific and social environment.

*Addressing the challenges facing our society* means that we must come to terms with our past, be cognisant of the present, and plan for the future. In this, it is central to our mission that we:

- \* recognise our location in Africa and our historical context;
- \* claim our place in the international community of scholars;
- \* strive to transcend the legacy of apartheid in South Africa and to overcome all forms of gender and other oppressive discrimination;
- \* be flexible on access, active in redress, and rigorous on success;
- \* promote equal opportunity and the full development of human potential;
- \* strive for inter-disciplinary and inter-institutional collaboration and synergy; and
- \* value and promote the contribution that all our members make to realising our mission.

*To equip people with lifelong skills* we must and will:

- \* promote the love of learning, the skill of solving problems, and the spirit of critical inquiry and research; and
- \* take excellence as the benchmark for all we do.

We are committed to academic freedom, critical scholarship, rational and creative thought, and free inquiry. It is part of our mission to ensure that these ideals live; this necessarily requires a dynamic process of finding the balance in a range of choices: choices between freedom and responsibility, rights and obligations, autonomy and accountability, transparency and efficiency, and permanence and transience; and of doing this through consultation and debate.

UNIVERSITY OF CAPE TOWN

| <b>Books 6-11:</b> | Handbooks of the Faculties of Commerce, Engineering and the Built Environment, Health Sciences, Humanities, Law, Science |
| <b>Book 12:</b>    | Student fees   |
| <b>Book 13:</b>    | Financial assistance for undergraduate students  |
| <b>Book 14:</b>    | Financial assistance for postgraduate study and postdoctoral research  |

The University has made every effort to ensure the accuracy of the information in its handbooks. However, we reserve the right at any time, if circumstances dictate, to

- (i) make alterations or changes to any of the published details of the opportunities on offer; or
- (ii) add to or withdraw any of the opportunities on offer.

Our students are given every assurance that changes to opportunities will only be made under compelling circumstances and students will be fully informed as soon as possible.

## FOREWORD

Postgraduate programmes at the University of Cape Town play a vital role in developing skills necessary for success in a knowledge-driven economy, both locally and internationally. Our postgraduate programmes span the basic disciplines as well as a range of applied and professional areas in Commerce, Engineering and the Built Environment, Health Sciences, Humanities, Law and Science. Our strategic commitment to being a high quality research-led university means that our postgraduate students have the opportunity to work with academics who are using making important contributions to new knowledge via their ongoing research and professional activities.

This booklet provides information on potential sources of financial support for postgraduate students. There are various categories of financial assistance administered by the University and many other agencies and donors. This booklet also provides information on a range of postdoctoral fellowships. The opportunity of a postdoctoral fellowship, following the successful completion of a doctoral degree, is a useful career experience allowing a researcher to further develop skills in knowledge creation and dissemination.

We hope that this booklet will be a useful resource in identifying potential bursaries and scholarships. We wish you a successful and enjoyable postgraduate experience at the University of Cape Town.

Professor Cheryl de la Rey  
Deputy Vice-Chancellor

## INTRODUCTION

The financing of postgraduate study invariably takes the form of a combination of scholarships or bursaries, part-time employment within or outside the university, student loans, personal savings and assistance from families.

The university aims to provide financial assistance that will contribute towards the costs of tuition and accommodation. This

goal requires more money than the university has available. It is therefore vital that students needing assistance approach as many sources as possible in addition to applying to UCT.

**All awards offered by the university are limited to South African citizens and permanent residents, with the exception of the UCT Research Associateships, and the International Students' Scholarships.**

**The University administered awards appearing in this booklet are not available for Advanced or Postgraduate Diplomas, the HDE or the LLB and BArch degrees. Students wishing to follow these courses are referred to booklet 13 "Financial Assistance For Undergraduate Study" issued by the Undergraduate Funding Office**

### Research Scholarships

The University provides and/or facilitates support towards the tuition and living expenses for students undertaking research-related degrees. For further details, students are referred specifically to Sections 1 and 2, and 3C (for Health Sciences students). Additional support for research degrees can be found in other Sections of this Booklet.

### Merit Awards

**The primary and most substantial form of assistance for students who undertake Honours, Masters or Doctoral study on a full-time basis are the awards granted on the basis of academic performance.**

The major sources of merit-based awards are the two state-funded Research Councils. (See Section 1)

UCT Research Scholarships are intended for students who are eligible for NRF (SET), NRF (SSH) and MRC bursaries but are unsuccessful with their applications. An application form for this category of award is not required(See Section 2).

Research Associateships are awarded to the most outstanding Masters and Doctoral students on the basis of **nomination** by their Departments. (See Section 2.)

UCT also offers scholarships each December to graduating students who have performed exceptionally well at UCT. Recipients are identified by the university and an application form for this category of award is not required. (See Section 7.)

Scholarships and bursaries funded from a variety of sources are available. These may be awarded to Heads of Departments or supervisors to grant to students working on specific projects or programmes. Candidates should enquire as to the availability of such awards by consulting their Heads or Supervisors.

### **Bursaries Awarded On Basis Of Financial Need**

Bursaries offered by UCT for financially needy students are available only to South African citizens and permanent residents and are listed under Section 3.

**Despite active steps taken by UCT, it may prove impossible to support all needy postgraduate students. All students assessed as eligible for assistance in the form of a need-based bursary must themselves provide some of their costs. Students applying for financial assistance will be assessed for assistance but MUST ensure that they are able to provide some contribution towards their studies, via their own resources, external bursaries or part-time employment.**

**Students must note that:**

1. **Funding is NOT guaranteed**
2. **The university does not offer FULL-COST support and**
3. **The University is not responsible for outstanding fee debt of any student.**

**It is important to be aware that the university cannot consider assistance for the cost of dependents and that only applicants' assessed personal and academic costs are taken into account. Students must accordingly make arrangements to meet the cost of support of dependents where applicable.**

Section 4 lists awards administered independently of UCT and enquiries should be directed to the Administrators/Trustees indicated.

EVERY EFFORT MUST BE MADE TO SECURE ASSISTANCE FROM SOURCES EXTERNAL TO UCT.
--

### **International and Refugee Students**

A limited number of scholarships are available to non-South African graduates who are residents of countries other than South Africa. These are awarded on a competitive basis with emphasis given to the seniority of candidates.

**The scholarships do not provide full-cost support.** All UCT International and Refugee Students Scholarships are supplementary. Applying students must ensure that they have sufficient support for their studies. The scholarships are renewable for the duration of the course of study subject to satisfactory progress being maintained, up to a limit of 1 year at Honours level 2 years at Masters level and 3 years at Doctoral level. Late applications will not be accepted. Applications for funding cannot be processed unless Applicants apply for admission through the UCT Admissions Office or the Faculty Office.

### **Part-time Employment**

The regulations governing the NRF/ MRC bursaries and UCT awards permit some degree of concurrent part-time employment.

Demonstratorships, Teaching Assistantships or Research Assistantships may be offered by your Department and details should be obtained from your supervisor or Head of Department. Subject to limitations on remuneration, award-holders may undertake part-time employment, provided weekly duties do not exceed 12 hours NRF (SET), 12 hours NRF (SSH), 9 hours (MRC), 10 hours (UCT Research Scholarship) or 9 hours (UCT Research Associateships).

## **Duration Of Scholarship And Bursary Assistance**

Research Council bursaries and UCT awards may be held for:

1 year (Honours) or 2 years for an approved 2 year Honours degree (subject to conditions and UCT only)

2 years (Masters)

3 years (PhD) subject to satisfactory progress and continued evidence of need in the case of need-based bursaries. Candidates requiring financial assistance must make every effort to complete their studies within these periods.

It is important to note that funding will not be available beyond the above mentioned tenures.

NOTE: STUDENTS STUDYING FOR A SECOND DEGREE AT THE SAME LEVEL (eg Honours Graduate doing a second Honours Degree) ARE INELIGIBLE FOR UCT FUNDING.

Applications for renewal and continued assistance must be submitted annually by the relevant closing dates.

## **Application For Admission To Study And Registration**

Applicants for financial assistance who are not already registered for the degree of their choice are reminded that they must also apply for admission to their intended degree and should consult UCT's Admissions Office or relevant Faculty Office for the closing dates. Selection committees only consider students whose full-time registration has been finalised.

## **Scholarships for International Study**

The University does not offer scholarships for international study. However the respective research councils NRF (SET), NRF (SSH) & MRC are a major source of assistance for overseas study at the DOCTORAL degree level. Such overseas awards are made on the basis of academic excellence and the significance of the proposed study. Certain overseas universities may offer scholarships or bursaries to international students, or may be in a position to offer part-time employment in the form of Assistantships or

Fellowships, which often include a waiver of academic fees. Students are advised to check with their intended institutions. Section 6 provides information on independently administered awards for study at overseas universities.

## **Post-Doctoral Research Fellowships**

This Booklet includes a number of opportunities for post-doctoral research fellowships at UCT (See Section 5). However, the majority of opportunities are offered by independent donors and interested parties are advised to check with the Postgraduate Funding Office regularly.

## NATIONAL RESEARCH FOUNDATION (SET & SSH) BURSARIES FOR STUDY AT SA AND OVERSEAS UNIVERSITIES

*All eligible candidates wishing to apply for assistance for study towards masters or doctoral degrees are required to apply timeously for an appropriate research council bursary. Any eligible candidate who fails through negligence to make such application will be ineligible for all university administered financial assistance.*

Candidates must be SA citizens.

Completed Medical Research Council applications must, in most cases, be submitted direct to the Head of the Department in which the intended study will be undertaken, for endorsement and return to the Postgraduate Funding Office.

Bursaries available for more than one year must be re-applied for annually, and applications must be accompanied by a progress report. The relevant procedures and conditions pertaining to individual agencies are contained within the application form, and or on the websites: <http://www.nrf.ac.za> ; <http://www.mrc.ac.za>.

Late applications will not be accepted - please note the relevant internal closing dates for receipt of applications or consult the Postgraduate Funding Office if in doubt.

#### 4 RESEARCH COUNCIL BURSARIES

### Medical Research Council (MRC) for study in the Health Sciences

Name of award	Discipline	Eligibility & conditions Value p.a. & Tenure	Address to which to apply & closing date for application
<b>1. Masters Scholarships</b>	Medical Sciences	For full-time Masters study in fields specified. A minimum of 60% for Honours degree or major Bachelors subject is required for consideration. Preference is given to candidates working in established MRC units. Value: Variable	MRC Application: UCT Postgraduate Funding Office. Application to be submitted to Postgraduate Funding Office by 31 August in the preceding year. Contact HOD to enquire about MRC Units.
<b>2. Doctoral Scholarships</b>	As above	For full-time Doctoral study in fields specified. Awarded on merit. Masters degree or equivalent, or MSc upgraded to PhD is required. Preference given to candidates working in established MRC units.	As above

*MRC details are subject to change. Contact UCT Postgraduate Funding Office email [ngqwabe@its.uct.ac.za](mailto:ngqwabe@its.uct.ac.za).*

## SECTION 2

# UNIVERSITY RESEARCH SCHOLARSHIPS AND ASSOCIATESHIPS FOR STUDY AT UCT

### *University Research Scholarships*

Eligible but, unsuccessful candidates for the Research Council bursaries, NRF (SET & SSH) are eligible for University Research Scholarships.

*This undertaking does not apply to candidates who are eligible for support from the NRF (SET & SSH) who fail to submit a completed application by the university's due date.* University Research Scholarships may not be held concurrently with bursaries from the Research Councils, but may be supplemented, within certain limits, by income from part-time employment or other awards.

### *University Research Associateships*

Research Associateships for Masters and Doctoral study are also offered by the University. Candidates do not apply directly for Associateships but may be nominated by Heads of Departments or research Supervisors. Associateships may be held concurrently with standard Research Council bursaries and limited part-time employment. They are intended to reduce the need for senior students to supplement their income by engaging in part-time work unrelated to their research.

## 1. University Research Scholarships

Name of award	Discipline	Eligibility & conditions Value p.a. & Tenure	Address to which to apply & closing date for application
<b>1. University Research Scholarship</b>	All disciplines	Honours, Masters and Doctoral students who are eligible, who apply to the NRF/MRC, but who are unsuccessful will be considered for URS Scholarships. Award and values will depend on available funds. Renewals cannot be guaranteed.	No application. Unsuccessful applicants will automatically be considered once NRF & MRC results are known.
<b>2. University Research Committee Post-Doctoral Fellowship</b>  (See also Section 5)	All disciplines	For Post-Doctoral research. Preference will be given to recently qualified applicants who are not yet in academic or research posts and who have not previously held a post-doctoral appointment. No restriction on discipline, but applications from other African countries and from women will be given preference Tenable for max. 12 months R120 000	Application available online at: <a href="http://www.pgfo.uct.ac.za">http://www.pgfo.uct.ac.za</a> and from the PGFO

## 2. University Research Associateships

6 USCA AWARDS (AT UCT)

Name of award	Discipline	Eligibility & conditions Value p.a. & Tenure	Address to which to apply & closing date for application
<b>Masters and Doctoral Associateships</b>	All disciplines	For full-time Masters or Doctoral study by research. Awarded on academic excellence and seniority of candidate. Preference given to PhD candidates although 2nd year Masters & Masters by Dissertation students will be considered. Once-off award. Not Renewable.	By nomination only. Heads of Departments will request selected senior students to complete an Associateship Nominee form. Closing date for nominations 23 June

Contact Fundiswa Sayo at Postgraduate Funding Office telephone 650 2205 e-mail nakanif@its.uct.ac.za.

## SECTION 3

### UCT ADMINISTERED AWARDS FOR STUDY AT UCT

*The following UCT-administered awards are offered only for full-time study towards the Bachelor of Education, Honours, Masters or Doctoral degrees, unless indicated to the contrary. Candidates for PGCE and other Postgraduate Diplomas and intending LLB and BArch students must contact the Student Financial Aid Office for information regarding funding.*

UCT awards appearing in this section are restricted to South African citizens or permanent residents, with the exception of those awards appearing under sub-sections E and F.

Unless otherwise specified, application for awards appearing in this section must be made on the prescribed Postgraduate Bursary Application Form PGA1, available on request from the UCT Postgraduate Funding Office and obtainable on our web-site [www.pgfo.uct.ac.za](http://www.pgfo.uct.ac.za)

A single Postgraduate Bursary Application (PGA1) should be submitted for most awards appearing under sub-sections A to D, except where otherwise specified. Candidates will automatically be considered for all awards within these sections for which they may be eligible. Please take note of the closing dates as LATE APPLICATIONS WILL NOT BE CONSIDERED.

Please note that specific application forms or alternative application procedures are required in order to apply for awards appearing under sub-section E.

*Where eligible, all applicants for honours, masters and doctoral study are reminded of the need to apply in the first instance, for the appropriate Research Council bursaries (see Section 1).*

#### A. Awards based on Merit and/or Need

Name of award	Discipline	Eligibility & conditions Value p.a. & Tenure	Address to which to apply & closing date for application
<b>Albow Bursary</b>	Social Sciences	Preference for research in Race Relations Variable 1 year	Postgraduate Bursary application (Form PGA1), Postgraduate Funding Office, 31 October
<b>Alexandra Club Bursary</b>	All disciplines	Female UCT graduate. Variable 1 year	As above
<b>Ashton Lilly Education Trust</b>	All disciplines	Awarded to students who have been disadvantaged during their youth and is registered for full-time study. Awarded annually and are renewable, on proof of satisfactory progress.	As above
<b>Beattie, Jock, Memorial Bursary</b>	All disciplines	Awarded for Honours or Masters degrees in major subject of first degree. Variable 1 year	As above

## 8 UCT AWARDS (AT UCT)

Name of award	Discipline	Eligibility & conditions Value p.a. & Tenure	Address to which to apply & closing date for application
<b>Goldblatt, Janet, Bursary</b>	All disciplines	Graduate of UCT, with preference for students from Namibia. Variable 1 year	Postgraduate Bursary application (Form PGA1), Postgraduate Funding Office, 31 October
<b>Johnson, Siri, Bursary</b>	All disciplines	Postgraduate study at UCT. Variable 1 year	As above
<b>KW Johnstone Research Scholarship</b>	All disciplines	Limited number of awards for full-time Masters and PhD students undertaking research degrees. Based on Merit. Value: variable 1 year	As above
<b>Mullne, Rose &amp; Sydney, Bursary</b>	All disciplines	Masters or Doctoral study by research. Value Variable 1 year	As above
<b>Pelteret, Charles Scholarship</b>	Health Sciences and Maths, Physics & Astronomy	Postgraduate study in Health Sciences and Maths, Physics and Astronomy Variable 1 year	As above
<b>Saunders, Noreen, Bursary</b>	All disciplines	Preference for female UCT graduate. Variable 1 year	As above
<b>The David &amp; Elaine Potter Fellowship</b>	Commerce, Engineering, Humanities, Law and Science, where applicants will ensure the development and furthering of civil society in SA and where graduates will use their degrees to contribute to the economic and social development of South Africa.	Masters and Doctoral students who are registered for full-time study at UCT. Awards will be made on academic merit, suitability to the preferred disciplines and the intention of the award. Renewable for one year at Masters and 2 years at PhD, dependent on satisfactory progress. Value: full-cost with limited research and travel costs available.  On successful application, candidates will be expected to participate in the planning of at least one seminar programme per annum, directly related to their line of study and participate in community-based projects, as part of their studies.	Applications should include: letter of application, full CV, certified copies of transcripts, proof of acceptance to relevant department at UCT. An essay of 2000 words on the applicant's intended role in civil society, may be required. A research proposal duly approved and accepted by the relevant department at UCT, a full statement of assets and liabilities (applicants' full projected budget for income and expenditure) Applications to be submitted to the Director, Postgraduate Funding Office, UCT by 24 September

<b>Name of award</b>	<b>Discipline</b>	<b>Eligibility &amp; conditions Value p.a. &amp; Tenure</b>	<b>Address to which to apply &amp; closing date for application</b>
<b>The Hans Middleman Open Society Scholarships</b>	Criminal Justice, Democracy, Human Rights, Criminology, Social Development, Gender Studies, Violence, HIV/AIDS, Library Studies, Media Studies, Psychology, Economics, Education	Value - variable Relevance of study to the concepts of the S.A. Open Society. Masters & Doctoral	Letter of Application Director PGFO 30 December

10 UCT AWARDS (AT UCT)

Name of award	Discipline	Eligibility & conditions Value p.a. & Tenure	Address to which to apply & closing date for application
<p><b>The Harry Crossley Foundation Research Fellowship</b></p>	<p>All disciplines, EXCEPT Religious studies and Political Studies</p>	<p>Limited number of awards for research related degrees and full-time study at UCT. Prestigious awards, open to all but preference to designated groups. 65% minimum requirement for Bachelor degree, Honours or Masters. Where no mark is allocated for Masters, supervisor to submit motivation. Successful Masters and Doctoral candidates must be prepared to plan and hold one seminar on topics related to their research, to be held in the UCT Postgraduate Centre as part of the Crossley Seminar Programme, Honours, R52 000 plus R3000 for travel &amp; books. One year. Masters, 1 year renewable for a 2nd year on satisfactory progress. 1st year R60 000 plus R3000 for travel &amp; books, 2nd year R60, 000 plus R3000 travel &amp; books and R5000 towards research running costs (application by HOD only) Doctoral, 1 year renewable up to 3rd year on satisfactory progress. Value is R80000 plus R5000 travel plus R5000 research running costs (application by HOD only) No other awards or employment may be held concurrently.</p>	<p>Letter of application to: The Director Postgraduate Funding Office UCT, including a CV, all academic transcripts, 2 letters of reference from academics who applicants have been taught/supervised, proof of acceptance into UCT, project proposal for Masters and Doctoral Closing date: 15 October</p>

Name of award	Discipline	Eligibility & conditions Value p.a. & Tenure	Address to which to apply & closing date for application
<b>The Harry Crossly Foundation Postgraduate Bursary</b>	All disciplines EXCEPT Religious Studies and Political Studies	Available to Honours, Masters and Doctoral students for full-time study at UCT. Based on merit and need. Tenure: One year Honours, not renewable, One year Masters renewable for one further year (Max 2yrs) Doctoral-one year, renewable for two further years (Max 3 years). Value: Variable	Postgraduate Bursary Application (Form PGA1) Postgraduate Funding Office UCT  31 October
<b>The Stephen Bantu Biko Leadership Fellowship</b>	Gender Studies Economics Politics Philosophy Health Sciences Governance and related disciplines	Academic merit. ## SECTION 7

## SCHOLARSHIPS AWARDED ON EXAMINATION RESULTS BY UCT

Applications are not invited for the scholarships described in section 7. As and when they become available for award, they are offered without application to the most outstanding UCT graduates.

All students who complete Bachelors, Honours or Masters degrees at UCT in June or December and who display outstanding academic performance are considered by the individual Faculties. Recipients of these scholarships are notified of their awards each year in December.

The scholarships are awarded to encourage full-time study towards higher degrees, and may be held concurrently with other awards. Recipients who do not enrol at UCT for higher full-time degrees qualify to hold these scholarships only in an honorary capacity.

The scholarships appearing in this section will be reflected on recipients' academic records.

Name of Award	Discipline	Value p.a. Tenure	Eligibility and conditions
<b>Adcock-Ingram Scholarship</b>	Pharmacology	Variable 1 year Tenable at UCT Dept of Pharmacology	Awarded annually to outstanding graduate completing the MBChB or other appropriate UCT medical degree for postgraduate study in Pharmacology.
