

MISSION STATEMENT

UCT aspires to become a premier academic meeting point between South Africa, the rest of Africa and the world. Taking advantage of expanding global networks and our distinct vantage point in Africa, we are committed, through innovative research and scholarship, to grapple with the key issues of our natural and social worlds. We aim to produce graduates whose qualifications are internationally recognised and locally applicable, underpinned by values of engaged citizenship and social justice. UCT will promote diversity and transformation within our institution and beyond, including growing the next generation of academics.

Foundation statement underpinning the mission statement

Our research-led identity is shaped by a commitment to:

- academic freedom as the prerequisite to fostering intellectual debate and free inquiry;
- ensuring that research informs all our activities including teaching, learning and service to the community;
- advancing and disseminating knowledge that addresses the key challenges facing society -South African, continental and global;
 - protecting curiosity driven research;
 - nurturing and valuing creativity in the sciences and arts including the performing and creative arts;
 - stimulating international linkages of researchers and research groupings.

We strive to provide a superior quality educational experience for undergraduate and postgraduate students through:

- providing an intellectually and socially stimulating environment;
- inspired and dedicated teaching and learning;
- exposure to the excitement of creating new knowledge;
- stimulating the love of lifelong learning;
- the cultivation of competencies for global citizenship;
- supporting programmes that stimulate the social consciousness of students;
- offering access to courses outside the conventional curricula;
- attracting a culturally and internationally diverse community of scholars;
- guaranteeing internationally competitive qualifications;
- offering a rich array of social, cultural, sporting and leadership opportunities;
- providing an enabling physical and operational environment.

In advancing UCT as an Afropolitan university, we will

- expand our expertise on Africa and offer it to the world;
- extend our networks on the continent, along with our global connections and partnerships;
- promote student and staff exchanges and collaborative research and postgraduate programmes;
- engage critically with Africa's intellectuals and world views in teaching and research;
- contribute to strengthening higher education on our continent.

We strive to provide an environment for our diverse student and staff community that:

- promotes a more equitable and non-racial society;
- supports redress in regard to past injustices;
- is affirming and inclusive of all staff and students and promotes diversity in demographics, skills and backgrounds;
- offers individual development opportunities to all staff;

is welcoming as a meeting space for scholars from Africa and around the world.

FOREWORD

Postgraduate programmes at the University of Cape Town play a vital role in developing skills necessary for success in a knowledge-driven economy, both locally and internationally. Our postgraduate programmes span the basic disciplines as well as a range of applied and professional areas in Commerce, Engineering and the Built Environment, Health Sciences, Humanities, Law and Science. Our commitment to being a high quality research-led university means that our postgraduate students have the opportunity to work with academics who are making important contributions to new knowledge via their on-going research and professional activities.

This booklet provides information on potential sources of financial support for postgraduate students. There are various categories of financial assistance administered by the University and many other agencies and donors. This booklet also provides information on a range of postdoctoral fellowships. The opportunity of a postdoctoral fellowship, following the successful completion of a doctoral degree, is a useful career experience allowing a researcher to develop further skills in knowledge creation and dissemination.

We hope that this booklet will be a useful resource in identifying potential bursaries and scholarships. We wish you a successful and enjoyable postgraduate and postdoctoral experience at the University of Cape Town.

Professor Danie Visser
Deputy Vice-Chancellor

INTRODUCTION

This Booklet is intended as a guide for students who will register for full-time Honours, Master's or Doctoral study and who require financial assistance, and for Doctoral graduates seeking financial support for postdoctoral research. The financing of postgraduate study invariably

takes the form of a combination of scholarships or bursaries, part-time employment within or outside the university, student loans, personal savings and assistance from families.

The university aims to provide financial assistance that will contribute towards the costs of tuition and accommodation. This goal requires more money than the university has available. It is therefore vital that students needing assistance approach as many sources as possible in addition to applying to UCT.

All awards offered by the university are limited to South African citizens and permanent residents, with the exception of the UCT Research Associateships, the International and Refugee Students' Scholarships, and the Travel grants.

The University administered awards appearing in this booklet are not available for the 4th year of Bachelor degrees Advanced or Postgraduate Diplomas, the HDE or the LLB and BArch degrees. Students wishing to follow these courses are referred to booklet 13 "Financial Assistance for Undergraduate Study" issued by the Undergraduate Student Financial Aid office.

Applying for Funding

The primary and most substantial form of assistance for students who undertake Honours, Master's and Doctoral study on a full-time basis are the awards granted on the basis of academic performance.

It is important that students and prospective postdoctoral research fellows applying for funding comply with the requirements and submit applications on time and by the specific closing date. Late and incomplete applications will be disqualified.

Merit Awards

The major sources of merit-based awards are the two state-funded Research Councils. (See Section 1). Students

requiring UCT merit awards must apply, in the first instance, to the NRF or MRC.

UCT Research Scholarships are intended for students who are eligible for NRF (SET), NRF (SSH) and MRC bursaries but are unsuccessful with their applications. An application form for this category of award is not required (See Section 2).

Research Associateships are awarded to the most outstanding Master's and Doctoral students on the basis of nomination by their Departments. (See Section 2.)

UCT also offers scholarships each December to graduating students who have performed exceptionally well at UCT. Recipients are identified by the university and an application form for this category of award is not required. (See Section 7.)

Scholarships and bursaries funded from a variety of sources are available. These may be awarded to Heads of Departments or supervisors to grant to students working on specific projects or programmes. Candidates should enquire as to the availability of such awards by consulting their Heads or Supervisors.

Bursaries Awarded on Basis of Financial Need

It is important to note that funding at the postgraduate level is not the same as the FINANCIAL AID available for undergraduate study. Full-cost financial aid packages are not available to postgraduate students. Postgraduate students are therefore required to attempt to secure funds from as many external sources as possible.

Bursaries offered by UCT for financially needy students are available only to South African citizens and permanent residents and are listed under Section 3.

Despite active steps taken by UCT, it may prove impossible to support all needy postgraduate students. All students assessed as eligible for assistance in the form of a need-based

bursary must themselves provide some of their costs. Students applying for financial assistance will be assessed for assistance but MUST ensure that they are able to provide some contribution towards their studies, via their own resources, external bursaries or part-time employment.

Students must note that:

- 1. Funding is NOT guaranteed**
- 2. The university does not offer FULL-COST support and**
- 3. The University is not responsible for the outstanding fee debt of any student.**

It is important to be aware that the university cannot consider assistance for the cost of dependents. Students must make arrangements to meet the cost of support of dependents where applicable.

Section 4 lists awards administered independently of UCT and enquiries should be directed to the Administrators/Trustees indicated.

EVERY EFFORT MUST BE MADE TO SECURE ASSISTANCE FROM SOURCES EXTERNAL TO UCT.
--

International and Refugee Students

A limited number of scholarships are available to non-South African graduates who are residents of countries other than South Africa. These are awarded on a competitive basis with emphasis given to academic merit and to the seniority of candidates.

The scholarships do not provide full-cost support. All UCT International and Refugee Students Scholarships are supplementary. **Applying students must ensure that they have sufficient support for their studies.** The scholarships are renewable for the duration of the course of study subject to satisfactory progress being maintained, up to a limit of 1 year at Honours level; for the 1st and 2nd years of Master's study, and the 1st, 2nd and 3rd

years of Doctoral study. Applications for funding cannot be processed unless Applicants apply for admission through the UCT Admissions Office or the Faculty Office.

Part-time Employment

The regulations governing the NRF/ MRC bursaries and UCT awards permit some degree of concurrent part-time employment.

Individuals who are employed full-time are not eligible for UCT funding support.

Demonstratorships, Teaching Assistantships or Research Assistantships may be offered by your Department and details should be obtained from your supervisor or Head of Department. Subject to limitations on remuneration, award-holders may undertake part-time employment, provided weekly duties do not exceed 12 hours NRF (SET), 12 hours NRF (SSH), 9 hours (MRC), 12 hours (UCT Research Scholarship) or 12 hours (UCT Research Associateships).

Duration of Scholarship and Bursary Assistance

Research Council bursaries and UCT awards may be held for:

- the first year of the Honours degree only;
- the 1st and 2nd year of Master's study, and
- the 1st, 2nd and 3rd years of Doctoral study. Renewal of awards for Master's and Doctoral study each year is subject to satisfactory progress and continued evidence of need in the case of need-based bursaries, and on the availability of funds. Students must make every effort to complete their studies within these periods.

It is important to note that funding will not be available beyond the above-mentioned tenures.

NOTE: STUDENTS STUDYING FOR A SECOND DEGREE AT THE SAME LEVEL (e.g. Honours Graduate doing a second Honours Degree) ARE INELIGIBLE FOR UCT FUNDING.

Applications for renewal and continued assistance must be submitted annually by

the relevant closing dates. Renewal of awards is NOT automatic and eligible students are required to apply for renewal annually.

Application for Admission to Study and Registration

Applicants for financial assistance who are not already registered for the degree of their choice are reminded that they must also apply for admission to the University and should consult UCT's Admissions Office or relevant Faculty Office for the closing dates. Although funding selection committees consider applicants who may not yet be registered for study, bursaries/scholarships that may be offered can only be claimed by students who have been accepted by the relevant academic department for the course/programme for which they applied.

Scholarships for International Study

The University does not offer scholarships for international study. However the respective research councils NRF (SET), NRF (SSH) & MRC are a major source of assistance for overseas study at the DOCTORAL degree level. Such overseas awards are made on the basis of academic excellence and the significance of the proposed study. Certain overseas universities may offer scholarships or bursaries to international students, or may be in a position to offer part-time employment in the form of Assistantships or Fellowships, which often include a waiver of academic fees. Students are advised to check with their intended institutions. Section 6 provides information on independently administered awards for study at overseas universities.

Postdoctoral Research Fellowships

This Booklet includes a number of opportunities for Postdoctoral research fellowships at UCT (See Section 5). However, the majority of opportunities are offered by independent donors and interested parties are advised to check with their department Heads and with the Postgraduate Funding Office regularly.

CONTENTS

In addition to the awards listed, certain other awards exist which are not acceptable in an open democratic society based on freedom and equality and are therefore not utilised or advertised by the University of Cape Town.

The University has made every effort to ensure the accuracy of the information in its handbooks. However, we reserve the right at any time, if circumstances dictate (for example, if there are not sufficient students registered), to

- (i) make alterations or changes to any of the published details of the opportunities on offer; or
- (ii) add to or withdraw any of the opportunities on offer.

Our students are given every assurance that changes to opportunities will only be made under compelling circumstances and students will be fully informed as soon as possible.

SECTION 1

NATIONAL RESEARCH FOUNDATION (SET & SSH) BURSARIES FOR STUDY AT SA AND OVERSEAS UNIVERSITIES

All eligible candidates wishing to apply for assistance for study towards Honours, Master's or Doctoral degrees are required to apply timeously for an appropriate research council bursary. Any eligible candidate who fails through negligence to make such application may be ineligible for all university administered merit awards.

Candidates must be SA citizens or in certain cases of the NRF, be SA Citizens or have SA permanent residence status. Individuals who are employed full-time are ineligible.

MRC:

Completed Medical Research Council applications must, in most cases, be submitted direct to the Head of the Department in which the intended study will be undertaken, for endorsement and return to the Postgraduate Funding Office.

Bursaries available for more than one year must be re-applied for annually, and applications must be accompanied by a progress report. The relevant procedures and conditions pertaining to individual agencies are contained within the application form, and on the website: <http://www.mrc.ac.za>

NRF:

Master's and Doctoral students may use the 2 dedicated computers in the Postgraduate Centre to complete their NRF On-Line applications. A scanner is also provided. Late applications will not be accepted. Please note the relevant internal closing dates for receipt of applications or consult the Postgraduate Funding Office if in doubt. Please also visit the website: <http://www.nrf.ac.za> for up to date information and any changes to the information given below.

UNIVERSITY RESEARCH SCHOLARSHIPS AND ASSOCIATESHIPS FOR STUDY AT UCT

University Research Scholarships

Eligible, but unsuccessful candidates for the Research Council bursaries, NRF (SET & SSH) are eligible for University Research Scholarships. Values are variable.

This undertaking does not apply to candidates who are eligible for support from the NRF (SET & SSH) who fail to submit a completed application by the university's due date. University Research Scholarships may not be held concurrently with bursaries from the Research Councils, but may be supplemented, within certain limits, by income from part-time employment and/or other awards.

PLEASE NOTE: These awards are NOT GUARANTEED and depend on availability of funds.

University Research Associateships

Research Associateships for Master's and Doctoral study are offered by the University. Candidates do not apply directly for Associateships but may be nominated by Heads of Departments or research Supervisors. Associateships may be held concurrently with standard Research Council bursaries and limited part-time employment. They are intended to reduce the need for senior students to supplement their income by engaging in part-time work unrelated to their research.

University Research Scholarships

Name of award	Discipline	Eligibility & conditions Value p.a. & Tenure	Address to which to apply & closing date for application
1. University Research Scholarship	All disciplines	Honours, Master's and Doctoral students who are eligible, who apply to the NRF/MRC, but who are unsuccessful will be considered for URS Scholarships. Award and values will depend on available funds. Renewals cannot be guaranteed.	No application. Unsuccessful applicants will automatically be considered once NRF & MRC results are known. These awards are dependent on availability of funds.
2. University Research Committee Postdoctoral Fellowship	All disciplines	For Postdoctoral research. Preference will be given to recently qualified applicants who are not yet in academic or research posts and who have not previously held a postdoctoral appointment. No restriction on discipline, but applications from other African countries and from women & black researchers will be given preference. Tenable for max. 12 months R175 000	Application available online at: http://www.uct.ac.za/research/pgfo/postdocfellows/offered/ and from the Postgraduate Funding Office Closing Date: 31 July

UCT ADMINISTERED AWARDS FOR STUDY AT UCT

The following UCT-administered awards are offered for full-time study towards the Postgraduate Diploma in Education, Honours, Master's or Doctoral degrees, unless indicated to the contrary. Candidates in the 4th year of a Bachelor's degree, PGCE and other Postgraduate Diplomas and intending LLB and BArch students must contact the Undergraduate Student Financial Aid Office for information regarding funding.

UCT awards appearing in this section are restricted to South African citizens and permanent residents, with the exception of AW Mellon Honours in Humanities and those awards appearing under sub-sections E and F.

Note: Applicants are required to use Form 10A for new awards and 10B for renewals*

Unless otherwise specified, application for awards appearing in this section must be made on the prescribed Postgraduate Bursary Application Forms 10A or 10B, available on request from the UCT Postgraduate Funding Office and obtainable on our web-site <http://www.uct.ac.za/apply/funding/postgraduate/applications/>

A single Postgraduate Bursary Application (Forms 10A and 10B*) should be submitted for most awards appearing under sub-sections A to D, except where otherwise specified. Candidates will automatically be considered for all awards within these sections for which they may be eligible. Please take note of the closing dates as LATE AND/OR INCOMPLETE APPLICATIONS WILL NOT BE CONSIDERED.

Please note that specific application forms or alternative application procedures are required in order to apply for awards appearing under sub-section E.

*Renewals

Master's and Doctoral students who are eligible for renewal of awards made may apply for such renewal by completing Form 10B which must reach the Postgraduate Funding Office together with the required academic progress report by NO LATER THAN 30 September.

Where eligible, all applicants for Honours, Master's and Doctoral study are reminded of the need to apply in the first instance, for the appropriate Research Council bursaries (see Section 1)

SECTION 7

SCHOLARSHIPS AWARDED ON EXAMINATION RESULTS BY UCT

Applications are not invited for the scholarships described in section 7. As and when they become available for award, they are offered without application to the most outstanding UCT graduates.

All students who complete Bachelors, Honours or Master's degrees at UCT in June or December and who display outstanding academic performance are considered by the individual Faculties. Recipients of these scholarships are notified of their awards each year in December.

The scholarships are awarded to encourage full-time study towards higher degrees, and may be held concurrently with other awards. Recipients who do not enrol at UCT for higher full-time degrees qualify to hold these scholarships only in an honorary capacity.

The scholarships appearing in this section will be reflected on recipients' academic records.

<p>4. The University reserves the right to cancel late and incomplete applications for funding</p>	<p>This ensures that selection processes are fair, and that those students who have complied with the deadlines and application conditions compete on the same level.</p>
<p>5. After establishing that they are in line with the laws of the country, the University will ensure that the conditions of awards and grants as laid down in bequests or by donors, sponsors or the University, are adhered to.</p> <p>The University reserves the right to cancel or withdraw any award made if the recipient of such an award does not comply with the stated conditions of the award.</p>	<p>All awards made are governed by conditions that are approved by the DVC for Research & Innovation. Such conditions ensure that:</p> <ul style="list-style-type: none"> • the University remains compliant with tax regulations/guidelines; • the applications submitted by students in competition for such awards are assessed using the stated criteria, and • the selection process for all awards is based on set and approved criteria. <p>The University is legally bound to abide by the conditions of award, which are often based on bequests or on the instructions of external donors, such as the NRF.</p>

	<p>No awards will be processed without the required and approved Conditions of Award</p>
<p>6. The University reserves <u>the right to recover any monies</u> disbursed to any student (including monies disbursed on behalf of the NRF and MRC), if that individual does not comply with the conditions of award; make satisfactory progress or if he/she deregisters without prior notice <u>or reasonable cause</u>. The recovery process is routed through the University's Finance Department, via the Fees Office and the Debtors' section.</p>	<p>Satisfactory progress and registration for the degree for which the student is being funded, are conditions of award. All awards made via the PFO are done so by means of a claim form, which requires an undertaking from the student that she/he agrees to comply with the conditions of award.</p> <p>The NRF and MRC have their own conditions and agreement with similar repayment clauses, which students must sign.</p> <p><u>Note:</u> The Postgraduate Funding Office ascertains satisfactory progress through direct communication with the Programme Convenors and individual student's supervisors.</p>
<p><u>7. Guarantee of funding and outstanding fee debts</u> The University does not guarantee funding to any student/applicant. The University does not at any time undertake to provide full-cost support to any student/applicant. The University will not be responsible for the outstanding fee debt of any student.</p>	<p>The University is <u>unable to provide any guarantee</u> that every applicant for financial aid and funding will receive support.</p> <p>Similarly, the University is unable to undertake to offset any debt incurred by the student and/or any balance reflected which is reflected on that student's fee-account.</p>
<p><u>8. Cash Advances</u> (called Allowances) Only students registered for full-time study at the University of Cape Town, and who have a offered, pledged or processed award, are eligible to draw Allowances from the University.</p>	<p><u>Rules:</u> <i>Allowances will only be available to students under the following conditions:</i></p> <ol style="list-style-type: none"> 1. <i>Where an application has been submitted by a student and an award offered, but not yet processed. In such cases any allowance must not exceed the amount owed to the university in terms of fees or other charges. Normally 50% of such fees or charges are repaid to the university in the first and then in the second semester.</i> 2. (i) <i>Where a nomination has been made to the NRF by a Grant-holder for a renewal of an award in respect of a student who has made satisfactory progress.</i> (ii) <i>Where a nomination has been made to the NRF by a Grant-holder for a new award for a student in good academic standing and who is a South African citizen.</i>

89 FUNDING POLICIES

	<p><i>3. Where applications have been made to the MRC and the NRF for renewal by students who are eligible and who have made satisfactory progress, and where results of such applications have not yet been released by the NRF. (This recommendation is based on the NRF's undertaking to support students for the prescribed tenures of degree).</i></p> <p><i>4. Where a student requires an advance of part or the whole of a second instalment of an existing award for good reason (to be supported by the Course Convenor/Supervisor and/or the Head of Department and approved by the Director of the Postgraduate Centre & Funding Office) and where she/he has made satisfactory academic progress in the first semester. In all cases, such 'Allowances' must be underwritten by the fund-holder via an undertaking on the relevant letter-head and with the original signature of the fund-holder.</i></p>
<p>9. Payment of award on receipt of claim forms.</p>	<p>In order to prevent fraud, only claim forms with original signatures will be accepted. No photo-copies, scanned forms or electronic signatures are acceptable.</p>
