**14 January 2016**

Dear Editor,

The article under the headline "WC Top Matriculants Receive Special Honours from Helen Zille" (EWN, 12 January 2016) refers. In the article, it is reported that Namhla Juqu's struggle "will be to get the necessary funding to study chemical engineering at the University of Cape Town this year". The caption that goes with the accompanying picture states that Juqu "doesn't have funding to study chemical engineering at UCT".

This creates an impression that Juqu had not been granted financial aid by UCT. We would like to clarify that this is not the case.

We can confirm that at that at the time of the report, Juqu had in fact been offered financial assistance to study at UCT. In addition to that, she has since been informed on Wednesday, 13 January 2016 that she has been offered a bursary by Alan Gray.

We would therefore like to kindly request that a follow up article be published clarifying that Juqu has indeed been offered financial aid and will be studying at UCT.

I have attached Jaqu's photograph should you require one.

Regards,

**Elijah Moholola**
