

Postponement of conference due to COVID-19

The conference will be rescheduled for 26-29 September 2021

South African Genetics Society &
South African Society for Bioinformatics
JOINT CONFERENCE

BIO2021
Bioscience, Big Data & The 4th Industrial Revolution

26-29 SEPTEMBER 2021 | SPIER WINE ESTATE

It is our pleasure to welcome you to the joint conference of the South African Genetics Society and the South African Society for Bioinformatics: BIO2021; in the heart of the Cape Winelands.

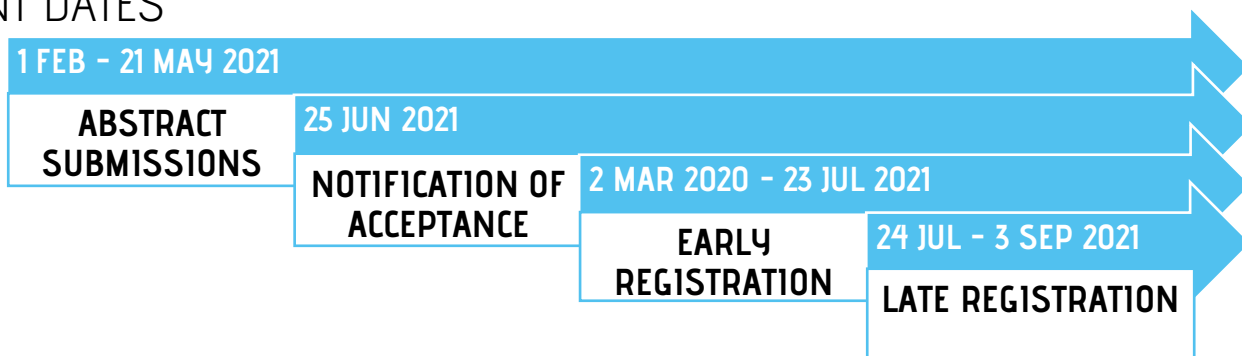

South African Genetics and Bioinformatics Societies thought it opportune to bring together researchers from across the spectrum under a central theme: Bioscience, Big Data & the 4th Industrial Revolution to facilitate dialog, networking, brainstorming and cross pollination of ideas. Where better to start this conversation, than on the banks of the Eerste River, whilst enjoying a glass of the Cape's finest produce at the picturesque Spier Wine Estate!

The Programme committee warmly invites you to submit an abstract for an oral or poster presentation. (For instructions please check the website)

CONFERENCE THEMES

- Conservation & Environmental Sustainability
- Evolution & Ecology
- Biomedical Sciences
- Functional Biology
- Bioeconomy, Industries & Technologies
- Statistical & Computational Methods/Techniques

IMPORTANT DATES

CONTACT DETAILS: UCT Conference Management Centre

General queries & abstracts

Deidre Raubenheimer – Tel: +27 21 406 6167 / Email: deidre.raubenheimer@uct.ac.za

Registration & Accommodation queries

Meagan Whyte – Tel: +27 21 650 1548 / Email: meagan.whyte@uct.ac.za
